

YEAR IN REVIEW

2020

GIVING OPPORTUNITY
TO CHILDREN AROUND
THE WORLD SINCE 2006

CELEBRATING 14 YEARS OF GIVING OPPORTUNITY TO CHILDREN

2020 was a year unlike any other we've seen in our 14 years of giving opportunity to children around the world. But thanks to our donors' continued generosity, we were able to continue making tangible impact in 2020 and bring real and immediate relief to children and families hit hard by the pandemic. It was a year when the entire world was suddenly unsure of what we could count on in life. But we at GO could count on our Local Heroes and we could count on our community of steadfast donors. To date, our impact includes:

- Ensured teens had access to internet, tablets, and other online learning tools to proceed with summer programming safely
- Provided PPE and cleaning supplies to keep families in Chicago safe in the winter

COVID-19 RELIEF

Thanks to our incredible community of donors, GO Campaign has provided over \$220,000 in Emergency Grants to our partners on the frontlines of the pandemic, helping them give children and their families access to food, health care and educational resources. Here is a sample of what some of our grants have accomplished:

IN THE UNITED STATES

- Provided computers to a tutoring program in LA so it could continue to support over 70 LAUSD students struggling with distance learning
- Provided 190 families in Watts with groceries for five months during the stay-at-home orders
- Kept families safe by providing COVID-19 related safety equipment and sanitizing supplies to families on Chicago's Southside
- Provided essential supplies, wellness checks, and necessities to over 160 youth in Brooklyn impacted by COVID-19
- Provided facemasks, hygiene supplies, and school supplies to hundreds of children across LA so they can excel in distance learning
- Provided formula, diapers, baby supplies, and support to over 80 teen mothers throughout LA and Orange County who were affected by the pandemic

AROUND THE WORLD

- Provided food packets to hundreds of hungry families in Mumbai's Dharavi slum whose income was affected by COVID-19
- Fed 2,500 street children with nutritious meals in Senegal during the government lockdown
- Provided food and hygiene supplies for 238 children living in a leper community in Tanzania and ensured the local health clinic had medicine and supplies to provide quality care to patients
- Provided food and support to 179 children in London during the stay-at-home orders, and provided virtual programming and opportunities for over 500 UK children to stay connected and active
- Provided 63 orphans and 40 families with food, provided hand sanitizer to hundreds of students, and provided 600+ facemasks during the stay-at-home orders in Kenya

HANDS ACROSS WATTS

Thanks to a generous \$500,000 donation from the Beachbody Foundation, GO Campaign launched the Hands Across Watts Initiative (HAWI) this year, a program which brought together three existing GO partners in Watts to provide children in the community with "Safe Zones" allowing them to continue their education either safely in person or remotely with tutoring support assistance, access to resources, and mental health services during the pandemic.

The program initially **launched with 30 youth** coming daily in the afternoons, and now that the program has been established and more youth are asking for the services, a second "Safe Zone" is being created!

HAWI is also providing virtual STEM, coding, and design instruction for over **500 students** in 3rd to 12th grade daily. They also distributed 280 science kits so students could further engage and learn while at home. It is just the beginning of this remarkable partnership, which is guaranteed to grow and offer even more diverse opportunities to children in Watts in the year ahead!

"COVID brought our work to a screeching halt, threatening to steal our children's futures and prevent them from reaching beyond the stars. Together Beachbody Foundation and GO Campaign are filling in the gap for our children, giving them a safe place to learn in this new world. I am certain this monumental act will lead to change. Doctors, engineers, and the STEM industry leaders of tomorrow will not only have a safe place to learn, but also a place for their self-esteem to grow, knowing that people outside of the neighborhood care about them, believe in them, and imagine that they are destined for greatness. This is a place to teach our children that they do matter."

GO Global GALA

This year we embarked on the first ever GO Global Virtual Gala that welcomed **over 5,000 guests** from around the world and **raised nearly \$800,000** for our continued Covid-19 global relief efforts and for programs that promote racial equality and justice in communities across the United States.

The evening was hosted by our dedicated Ambassadors Lily Collins, Ewan McGregor, and Robert Pattinson, and included exclusive musical performances from HAIM, Katharine McPhee Foster and David Foster, Judith Hill, Ewan McGregor and Mary Elizabeth Winstead as well as Ewan's daughter, Esther McGregor and her band French Thyme. Friends of GO Campaign including Evangeline Lily, Heidi Klum, Ashley Park, Carl Daikeler, and Max Carver also made appearances to help bring awareness to GO Campaign.

We had no idea how our first ever virtual gala would do, but we were blown away by the results! It was one of our most successful galas to date!

THANK YOU TO THE GO GLOBAL GALA SPONSORS
